The Weekly Journal has been enlarged to eight pages and is the best metropolitan paper published. This offer is open to every subscriber of this paper not in arrears, until further notice. Those in arrears can have the benefit of the above offer by paying arrearsages and one year in advance. Send in your subscriptions. We are again obliged to direct attention to the following which has been frequently published in this paper during the past year: For publishing obituary notices five cents a line will henceforth be charged those who are subscribers to this paper. To all others, ten cents a line. The cost of publishing these notices is considerable, and their increasing length and number compels us to charge our subscribers a rate that is merely nominal. C. BLAKELY, the druggist, gives ten reasons why Chamberlain's Cough Remedy is the best: 1. It will cure a severe cold in less time than any other treatment. 2. It does not suppress a cough or cold, but loosens and relieves it. 3. It relieves the lungs, which is of great importance in treating a cold. 4. It is the only remedy that will cause the expulsion of mucus from the air cells of the lungs. 5. It renders the mucus less tenacious and easier to expectorate. 6. It freely used as soon as the first symptoms appear, it will cure a severe cold in a single day. 7. It will prevent croup and avert all danger and anxiety arising from that dreaded disease. 8. It has cured thousands of cases of croup, and careful inquiry fails to discover a single case in which it has ever failed. 9. It does not contain opium, chloroform, nor any other injurious substance. There is not the least danger in giving it to children. 10. Chamberlain's Cough Remedy acts in perfect harmony with nature and aids nature in relieving the lungs, and freeing the system of morbid matter, accumulated by cause of the cold. Fifty cents per bottle.
